## Meet Points

Meet points are located at places that provide good safe and visible assembly points that are also practically located to the competitive sections.

Please note that several competitive sections (or stages) may be meeting at the same location at one time. Please make yourself known to the key officials of the event who will direct you to your set up official (Stage Commander).

If you think you are going arrive late to your meet point, don't hesitate to make contact with either your Stage Commander or the event's official coordinator, **Dee Knight 0488 063 547**. Please do not leave this phone call to the last moment and please do not speed to make up time! We'd much rather have you turn up a little later than required as opposed to not at all!

Please ensure that you have sufficient fuel to travel from Lakes Entrance to your meet point and then the additional distance to the competitive section plus enough fuel to complete the return journey back to Lakes Entrance.

## Essential items to bring with you

The following list of items are what we believe to be the basic essentials required to enjoy your day in the forest.

- **Water**. Enough for two people for at least one full day! Even if there is only one of you e.g. 2 litre/ person.
- **Food**. Again enough for two people for at least one full day! Even if there is only one of you.
- **A chair**
- A couple of **pens**
- **Insect repellent**. They bred 'em big in Gippsland
- **Sunblock**. The higher the SPF rating the better
- **Mobile phone** – if you have one, give the number to your Stage Commander
- **Clothing** for changeable weather conditions.
- **Toilet paper** (just in case)
- A **torch** (with good batteries)

**Also, particulary for Controls:**

- **Table**
- **Shelter**
- A **cardboard box** (e.g. beer carton) turned on its side to shade the RallySafe tablet
