My Dear Gertrude.

I arrived safely yesterday (Sunday) at Frozinisko up to date, I have had absolutely no trouble at all. The little car is running very well indeed. We had a real good trip over the Alps, and over the worst of the journey out Buffalo to Onco. 90 miles of mountain work. I had a non-stop run, arriving at Onco 1 hour early. I have now done 413 miles, nearly half the journey and the worst of it as far as mountain work is concerned, is over tomorrow morning. (Tuesday) we leave here for Canberra. I am not bothering much about sight-seeing and am taking every advantage I can of resting, as the road conditions make it very tiring in the small cars. I am having no trouble with the cushion at all and my back is quite alright. I may write again from Eden, if I have time so with fond Love I remain
Love to all at home
Your loving husband.
Gill.
